To Do

Nothing for now

AWS Academy Cloud Foundations is intended for students who seek an overall understanding of cloud computing concepts, independent of specific technical roles. It provides a detailed overview of cloud concepts, AWS core services, security, architecture, pricing, and support.

This course helps you to prepare for the [AWS Certified Cloud Practitioner](#) exam. Review the [Certification Resources](#) module for details about the exam.

Get Started

# primi passi

Per esercizi liberi, in fondo alla sezione “Modules” trovate “Sandbox”

## AWS Academy Cloud Foundations – Sandbox

### Environment Overview

This sandbox provides an environment for ad-hoc exploration of AWS services.

**This environment is cleaned up at the end of every session.** When the session timer runs to 0:00, the session will end, and any data and resources that you created in the AWS account will be deleted.

### Region restriction

All service access is limited to the **us-east-1** Region. If you load a service console page in another AWS Region

bash

eee\_W\_2579955@runweb99012:~\$

# primi passi

Per avviare la SandBox, premete “Start Lab” e aspettate (ricordate sempre di premere “End Lab” quando avete finito)

Premete quindi il testo “AWS” per poter interagire con la console

```
Start Lab
Region: us-east-1
Lab ID: arn:aws:cloudformation:us-east-1:834608312797:stack/c100002a228142615112231t1w834608312797/fbb52eb0-748d-11ee-8ca4-0ad46f0120ef
Creation Time: 2023-10-26T22:59:25-0700

Start session at: 2023-10-26T22:59:26-0700
Remaining session time: 03:00:00(180 minutes)
Lab status: in creation
```
